DineHarbor

Partner programme

Know a restaurant? Recommend DineHarbor and earn while it pays.

DineHarbor gives a restaurant its own online ordering website, a till and a manager app for one flat monthly price per location, with no commission on its orders. Partners earn a share of what each restaurant they refer pays.

25%
of each paid invoice, excluding VAT

12 months
from the restaurant's first paid invoice

20% off
for the restaurant's first 3 months

£50
minimum payout, paid monthly

How it works

- Apply at dineharbor.com/partners. A person reviews every application.
- Share your own link, short link, code or QR code from your partner portal.
- When the restaurant pays an invoice you earn your share, after a 45 day hold. Attribution lasts 60 days from the first visit.

Your own QR code goes here. Download it from your partner portal.

This leaflet uses your link, not ours

Print it, then place the QR code and short link from your own partner portal in the box. Every referral made through your link is credited to you. A leaflet with our link, or no link, earns you nothing.

Say it plainly

Tell people you earn a commission, for example with #ad or "I earn a commission if you sign up". Earnings are an illustration, not a promise: you are paid only on invoices that are actually paid, and a refund takes the matching commission back.

Terms version 2026-10-05. Full partner terms at dineharbor.com/legal/partner-terms. Prices, terms and payout rules can change; the live page is dineharbor.com/partners.
